Beauty Salons

Nurseries

Schools

Art Galleries

Sports Shops

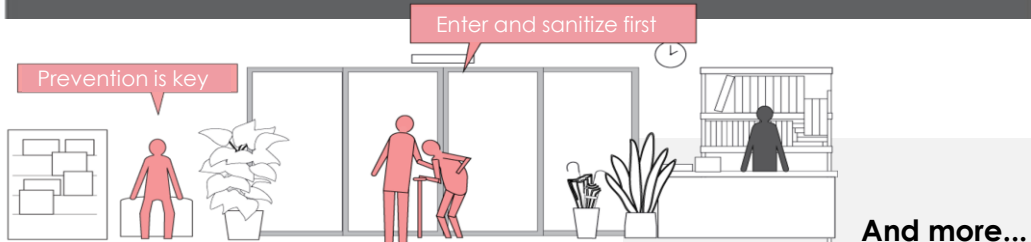

Customer's voice:

- "It's nice that we don't have to touch it."
- "It comes out upward!"
- "Wow!"

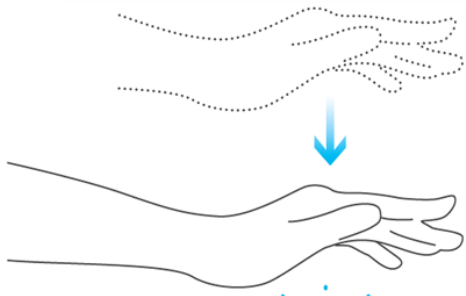

Medical Facilities

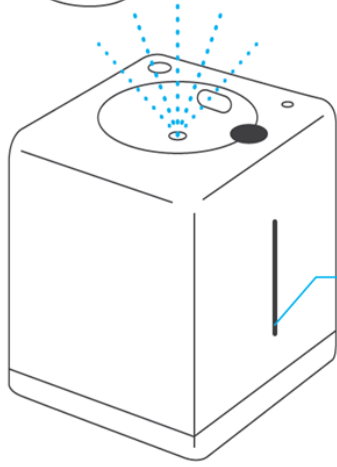

We replaced the push bottle-type sanitizer to Liquid Jet. Now we only need to hold our hand above the device. Patients like it, too, that they don't have to touch it directly.

How to Use

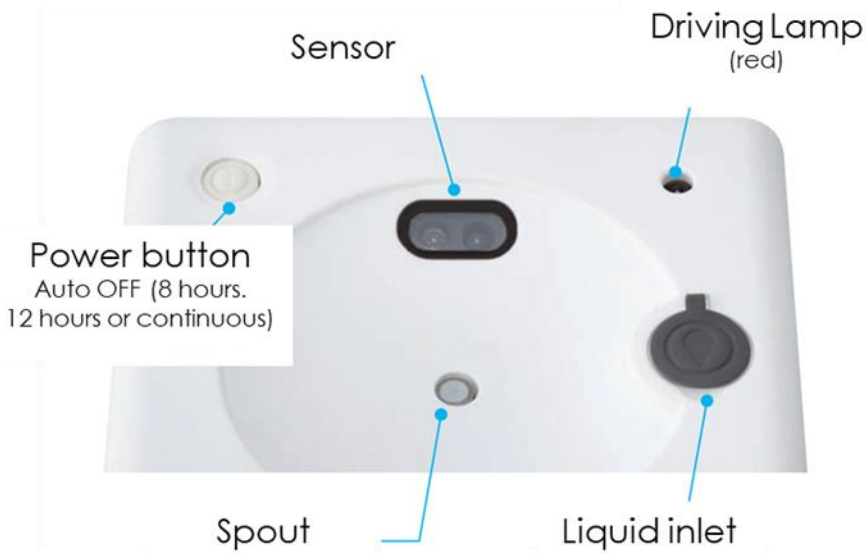

Hold your hand above the device for liquid ejection
